Sent to e-mail address

To the national crossbow associations, participants of the IAU ECH Zagreb 2024

Dear Mr. President, Dear sports friends,

The time until the start of the highly anticipated IAU European Crossbow Championships is fast approaching. We are thrilled at the prospect of meeting your esteemed competitors very soon. As organizers, we have meticulously prepared for this prestigious competition, and we are confident that your athletes and leadership will feel at ease and will showcase their best results, a testament to their year-long preparation.

However, three weeks later, the IAU World Cup Final will be held at the exact location, the Zagreb Hippodrome. This competition will feature the best 16 men and women fighting for the Big and Small IAU Crystal Globes in the final battle. After the Thursday, August 29 competition, the final IAU Ranking list of the best athletes in both competitions will be formed. Due to the short time required for quality preparations for this, which is a significant competition for competitors, we ask you to plan the registration and performance of your competitors promptly. You can see the IAU Ranking list at the following address.

At the same time, the regular registration process for the IAU ECH is over. You can see the final list of registered athletes on the IAU website. On the same page, you can see and meet the members of your national team, The Final Schedule IAU ECH.

We eagerly await the arrival of your athletes, and we hope they have a safe journey to Zagreb. We are committed to ensuring their comfort during their stay and look forward to witnessing their outstanding performances.

Dragutin Vrbek,

Zagreb First Civil Crossbow Society President
